

July 10, 2020

Good afternoon Chestnut Ridge family,

As I'm sure you are all aware, Laurens County COVID-19 cases are on the rise. I want to take this opportunity to remind you of several important things. First of all, the church is doing everything we can do to ensure your safety while you are worshiping in person on our campuses. We continue to encourage social distancing while present in church and disinfecting the buildings between every worship service.

We need your help to ensure the safest worship experience possible. If you, or someone in your household has been exposed to someone who has COVID-19, it is imperative that you self-quarantine for at least 14 days or until you have tested negative for the virus. This includes coming to church. If you are sick or running a fever, please do not attend in-person services. There is simply no reason to needlessly put others at risk. This is a perfect opportunity for us to "love our neighbor as we love ourselves." If you are coming to church, we encourage you to use the hand sanitizing stations available throughout the buildings.

If you aren't able to attend worship services in person, you can watch live on the church YouTube channel or on our Facebook page. You can also link to the live worship services from our website at www.chestnutridgechurch.org. You will also find the giving link on the church website as well. If you're watching online, we'd love to hear from you. Let us know you're watching and who's watching along with you.

This is not a time to allow fear to triumph over our faith. It is, however, a time to be wise and cautious.

Because He Lives,
Pastor Alex
